E75 SCRUBBER DRYER

E75 - RIDE-ON SCRUBBER-DRYER

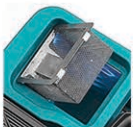

Designed for the maintenance and cleaning of areas up to 8000 square metres.

Available with 2 PPL disks or pads which, combined to a speed of 6km/hr, boast an area coverage of up to 4.980 m²/hr. Designed to be compact, fast and productive at a very competitive price, a modern alternative to bulky walk-behind or outdated/outsize ride-on machines.

The E75 offers the economic advantage to be used up to four non-stop working hours thanks to the optimization of energy consumption. The compact size allows the machine to fit through standard doors or be transported in lifts.

The E75 guarantees a dramatic reduction in the cost of cleaning, thanks to an extremely competitive purchase price and a complete set of standard features which reduce waste and consumption.

Save on time and cost, thanks to the very simple and user-friendly controls.

STAINLESS STEEL BASKET

The recovery tank is equipped with a stainless steel basket to avoid the passage of larger debris which may clog the system.

POWERFUL VACUUM MOTOR

The E75's powerful vacuum motor is silenced, and guarantees a very low acoustic pressure level which is particularly appreciated in noise sensitive environments such as nursing homes and hospitals.

HIGH CAPACITY TANKS

High capacity tanks mean you can clean for longer without having to empty / refill.
110 litres (solution)
125 litres (recovery)

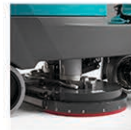

OPTIMIZATION OF ENERGY CONSUMPTION

Thanks to the optimization of energy consumption, E75 can be used for up to four non-stop working hours.

AUTOMATIC SQUEEGEE UNCOUPLING

The squeegee bar automatically uncouples if accidentally impacted avoiding damage to the machine or to the environment

SELF-ADJUSTING SPLASH-SKIRT

The self-adjusting splash-skirt prevents the dirty water splashing during cleaning and allows for water-leaking prevention.

EASY AND INTUITIVE CONTROLS

The multi-function intuitive, user friendly controls make the E75 simple and easy to use with minimal operator training required.

SAFETY

The drive motor is completely sealed & protected by a strong, tubular bumper. The E75 is also equipped with an anti-tilting device for increased safety.

Technical Data

Working width	760mm
Productivity	4500m ² /hr
Forward speed	0 - 6km/hr
Squeegee width	980mm
Solution tank	110 litres
Recovery tank	125 litres
Weight (inc. batteries)	350 kg
Dimensions (exc. squeegee)	1425 x 790 x 1243mm
